What you need, when you need it

At MyMitsubishi you can find everything you need.

As a registered user you have free access to many useful additional services that are not available to the general public.

■ What's New?

Keep up to date with our activities and determine their possible impact on your projects.

■ Image Database

Access our comprehensive selection of product images and drawings to assist with preparation of technical and promotional documentation.

■ Press

The official collection of breaking news stories concerning our FA business.

■ Newsletter

Stay up to date: Subscribers to our email newsletters don't miss a thing. Once a month you will receive the latest information from the world of Mitsubishi automation technology. Topics include product news, case studies on applications, trade show dates, details of events for customers and special offers.

Always up to date with the Mitsubishi Newsletter.

Win an iPod!

Between December 2008 and April 2009, we are giving away two iPods per month:

- One to each new My Mitsubishi user who completes their registration
- One to each new My Mitsubishi user who signs up for our monthly email newsletter

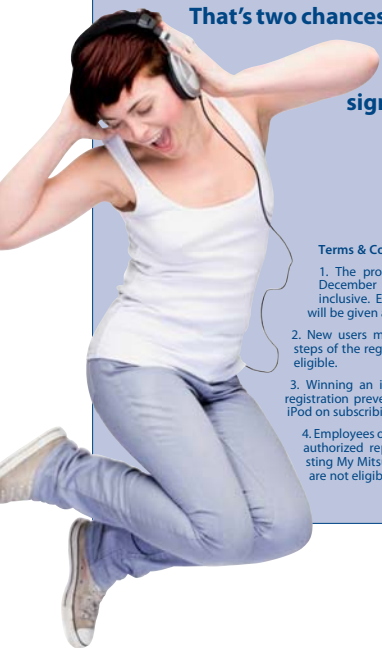

That's two chances to win and 10 iPods to be won, so sign up today!

Terms & Conditions

1. The promotion will run from December 2008 until April 2009 inclusive. Each month two iPods will be given away.
2. New users must fully complete all steps of the registration process to be eligible.
3. Winning an iPod via new account registration prevents winning a further iPod on subscribing to the newsletter.
4. Employees of Mitsubishi Electric, its authorized representatives and existing My Mitsubishi account holders are not eligible to participate.

MyMitsubishi gives you more

Are you interested in news about products and technologies from Mitsubishi Electric for factory and process automation applications? Do you need an address in your area for a local Mitsubishi distributor? Or are you already a customer and need quick access to the latest technical information? You can already find all this and more on our website, but with MyMitsubishi you can find the information you need even faster and more easily and you also get some valuable additional services. Take advantage of MyMitsubishi – it's your direct channel to Mitsubishi automation technology

■ Favorites

Customize “My Mitsubishi” for fast access to the areas that matter to you.

■ Support

Access literally hundreds of technical issues that have already been addressed by our knowledge base for a fast answer to your questions. Don't forget you can email these and our documents to your colleagues in the field helping you to support your on site staff.

■ Solutions

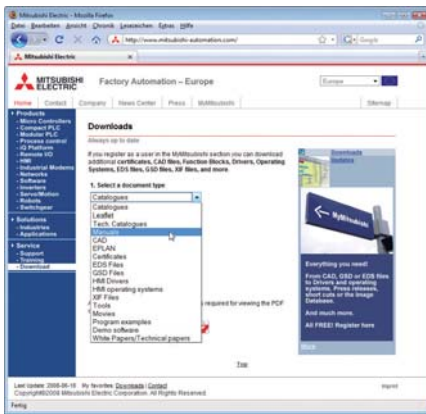

Wondering about our expertise in your application? See how and where we have done it before.

Lots of tools and giveaways in the MyMitsubishi area.

How to register

Click on the “Register Now” link on the MyMitsubishi page to display the registration form. Enter a user name and password of your choice and your contact details, then click on the “Register” button. Shortly after doing this you will receive an email asking you to confirm and complete the registration process. If you ever forget your password just click on the “I forgot my password” link to have it sent to your registered email address. You are in complete control of how we work with you. You can edit, modify or even delete your registration at any time from within your personal profile.

MyMitsubishi offers numerous free downloads.

■ Downloads

A key resource. Access sixteen different categories of technical information. Items available range from manuals to CAD data to white papers and much more.

■ Demo software and software examples

Don't miss the chance to download demo software directly from the downloads area as well as accessing hundreds of prewritten function block examples ready for you to customise and adapt to your own solutions.

■ Get started!

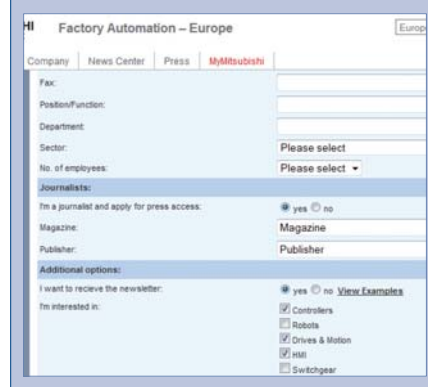

Our range of introductory manuals and quick start guides give you the basic information to get many common automation tasks up and running with the minimum of fuss.

■ Tools and Giveaways

What size inverter do I need? What cables should I order for my HMI? How do I put a compact PLC system together? Find the tools to guide you to the right choices here.

MyMitsubishi for journalists

Our Press section is open to all, BUT for registered journalists we provide some additional services such as early access to press releases weeks before they are published on our website. Additionally, you will also have access to current case studies, graphics and hi-res photos as well as extensive material to help you with your research. You can customize your own profile to let us know what kind of information you are most interested in. Our Press section is intended to help you find all the information you need about our company and our products quickly and efficiently as well as putting you in contact with Mitsubishi's press team throughout Europe. All this is in addition to the standard MyMitsubishi benefits.
