

Installation Instructions

■ Introduction

Thank you for purchasing MITSUBISHI Integrated FA Software, MELSOFT series.

This document explains how to install and uninstall MELSOFT iQ Works (SW1DND-IQWK-E□). Please read carefully before installing the product to your personal computer.

⚠ Notice

- Reprinting or reproducing the part or all of the contents of this document in any form for any purpose without the permission of Mitsubishi Electric Corporation is strictly forbidden.
- Although we have made the utmost effort to follow the revisions of the software and hardware, in some cases, unsynchronized matter may occur.
- The information in this document may be subject to change without notice.

Installation

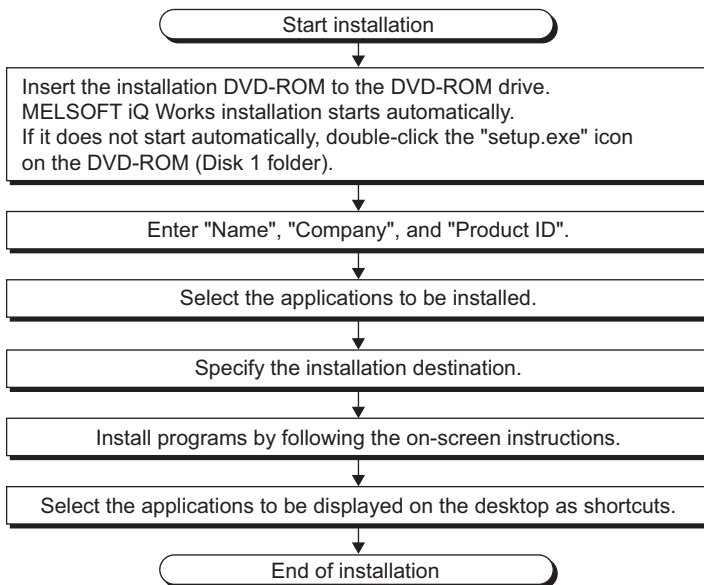

Install MELSOFT iQ Works or an application to the personal computer.

■ Confirm before installation

- Log on to the personal computer as a user having the "Administrator" (computer administration) privilege.
- Close all the applications running under Microsoft® Windows® Operating System before installation. If the product is installed while other applications are running, it may not operate normally.

■ Batch installation

Install multiple applications in batch.

■ Individual installation

Each application can be used individually by installing only the required application.

Double-click the "setup.exe" icon in each folder to install the application.

Folder	Application	Location of "setup.exe"
Disk 1	MELSOFT Navigator*1	Disk 1 folder
Disk 2	GX Works2	Disk 2 folder
	GX Developer	Disk 2\ SUPPORT \ "GXD1" folder
Disk 3	MT Developer2	Disk 3 folder
	MR Configurator2	Disk 3\ "MRC2" folder
Disk 4	GT Designer3*2	Disk 4 folder
Disk 5	Data transfer tool	Disk 5\ "DataTransfer" folder
	Document Converter	Disk 5\ "DocCNV" folder
	GT Converter2	Disk 5\ "GTCNV2" folder
Disk 6	GT Manual3 1000	Disk 6\ "GTM1000" folder
Disk 7	RT ToolBox2	Disk 7 folder
Disk A	LCPU Logging Configuration Tool	DiskA\ "LLUTL" folder
	GX Configurator-QP	DiskA\ "Others" folder*3

*1 : Select MELSOFT Navigator only on the Selection of software dialog box.

*2 : Select GT Designer3 only on the Selection of software dialog box.

*3 : "setup.exe" is compressed. For the installation procedure, refer to GX Works2 Version 1 Operating Manual (Intelligent Function Module).

Point

- Product ID is written on the "License certificate" included with the product. Enter the 12-digit number divided into 3 and 9 digits.

■ FX series installation

When using special blocks or special units, installation of the related software is required. The related software of FX-ENET series may be downloaded from MELFANSweb.

For the method of obtaining the related software, contact the store where you purchased the product.

Precautions

- The driver install confirmation screen may appear during the software installation. When using Windows Vista® or Windows® 7, select "Install this driver software". When using Windows XP®, click the Continue anyway button.
- If the cancel button is clicked during the installation, the installation status becomes in the suspension process. In this case, insert the DVD-ROM, and restart the installation by following the on-screen instructions.
- If a warning message from the security software is displayed, proceed the installation by following the on-screen instructions.
- The newer version software may be downloaded from MELFANSweb. After installing MELSOFT iQ Works, confirm the latest version on MELFANSweb. In order to download the newer version software, membership registration of FA-LAND on MELFANSweb is required.
